

**Vessel Name:** *Island Runner – Cape York Adventures*

**Description**

Island Runner is a 5 metre plate alloy Pacific Custom Craft that is comfortable for offshore fishing, and is also quite maneuverable in the mangrove estuaries. The split console allows movement around the boat while fighting that “big one”, and the canopy offers welcome sun and rain protection.

The Island Runner carries up to 5 people and is powered by a 90hp outboard. Most fishing takes place in this vessel due to its versatility. Island Runner is one of three vessels operated by John Charlton’s charter business out of Seisia, Cape York, and offering day charters, general fishing, and cruising. All vessels have canopies, live bait tanks, sounders and radios.

**Charters**

Type	
Day	Max 5 persons
