

Vessel Name: *Island Venturer – Cape York Adventures*

Description

A 7.8 metre Marlin Broadbill launched in Sept 1998, the Island Venturer was built to John Charlton's specifications.

It includes a split console and bowrider layout, and a 3/4 length canopy, which offers great sun protection. Perfectly suited for the weather conditions prevailing offshore, there's plenty of room for anglers and gear. Powered by twin 90hp outboards.

Island Venturer is one of three vessels operated by John Charlton's charter business out of Seisia, Cape York, and offering day charters, general fishing, and cruising. All vessels have canopies, live bait tanks, sounders and radios.
